A Number of Funeral Services Held Yesterday.

Two squadrons of Cavalry from Fort Two squadrons of Cavalry from Fort Myer were at the Baltimore and Poto-mac station yesterday morning to meet the remains of the late Major-General William S. Harney and escort them to their last resting place in the cemetery at Arlington. At 11 o'clock the train from the South arrived and eight of the oldest segreents. from the South arrived and eight of the oldest sergeants of the Third Artillery lifted the coffin and bore it to the hearse. The procession then moved slowly up the Avenue, preceded by a squad of buglers blowing the funeral call. Many prominent officers of the army attended the funeral and stood about the soldier's grave while the simple service was being read. Mrs. Harney, the widow of the deceased, accompanied the remains from Orlanda, Fla., and is still in the city.

AT OLD POHICK.

The Mount Vernon Regents Attend Washington's Old Church.

Old Pohick Church, where General Washington used to worship, was crowded yesterday with people from the surrounding country and from this the surrounding country and from this city. The occasion was a centenary service, and Rev. Dr. Philip Slaughter of Virginia delivered the sermon. A number of ladies of the Board of Regents, which is now holding its annual meeting at Mount Vernon, drove over to take part in the services, and a few moments after their arrival the sermon was commenced. Dr. Wallis, the paswas commenced. Dr. Wallis, the pas-tor, was assisted by Rev. Dr. Packard of Alexandria.

Dr. Slaughter took his text from the Epistle of St. John: "A greater than Solomon is here." After alluding briefly to the recent Centennial of Washington he referred to his work in Trave Parish and said that they were always very closely identified. Then he went into the history of the church and described in eloquent language its foundation, its growth and its future predicting that this later would be as useful as the church has always been ing that this later would be as useful as the church has always been. At the close of the sermon communion was taken and the congregation were given an opportunity to meet the speaker and examine the historic edifice.

Are Superior to Any in the Market.

1. Because they are made from the highest types of European grapes trans planted to the most fruitful valley in California.

2. Because of the many varieties-each is from the best-known grape for that particular wine-and consequently they are uniform in character from year to year: a very important fact with druggists and consumers.

3. Because they are made in the most careful manner and by the most approved methods.

4. Because they are full strength, pure juice wines, produced from the grape by natural processes only. They are entire-no water, no artificial coloring matter, no sugar, no crude alcohol.

5. Because they are never offered to the public until they are mature and in

6. Because from the best vineyard in California, producing 500,000 gallons yearly. Only the oldest and finest wines come to this market, and every bottle sold carries on its label the name of the vineyard.

7. Because we have ample vaults in this city, twenty feet under ground where the wines are stored until bottled for use, experience having proven that the care and handling of wines is as important as the making. .

8. Because we have no irresponsible agents, and hold ourselves responsible for the quality and perfect condition of every bottle sold.

9. Because we can ship our wine to any State east of the Mississippi river, in lots of four or more cases, with safety to the purchaser and for less mone than a like wine can be purchased elsewhere.

10. Because we are here on a permanent basis, and will refund purchasemoney on any wine which proves unsatisfactory.

11. Because we carry a large stock and can duplicate orders to any extent.

12. Because Mr. H. W. Crabb, the owner of the To-Kalon vineyard, after an xhaustive study of European vineyards and all the intricate processes of wine making, has given twenty years of his life to the great industry of American wine production, and now deservedly stands at the head with a reputation too

13. Because the average American wines are from inferior grapes-often carclessly made, often doctored to create an artificial flavor, and put on the market too young, after an enforced clarification.

14. Because nine-tenths of the so-called imported mines are spurious, or extended with water and poor alcohol, flavored and colored to "suit the market."

DRUGGISTS SHOULD BUY FROM US.

15. Because adulteration and falsification of wines and brandies is the rule and not the exception; while we guarantee our goods to be entirely free from any foreign substances and invite the closest analysis.

The public generally should buy To-Kalon Wines, as we have put a large capital into the business, have an immense stock always on hand, and are here to do a legitimate business for a legitimate profit.
